Re: Urantia Foundation

Dear Mr. McKey:

Thank you for your letter and the copy of the confidentiality agreement.

I will forward this material to my client by e-mail today and respond to you once I have the benefit of his comments.

I believe a more accurate summary of the conclusions reached in our conversation is that I agreed (1) that Dr. Choi's response to your motion for summary judgment would not be disseminated prior to its being filed, and (2) that portions of the two exhibits in question which summarized communications from attorneys for Urantia not germane to the present motion would be deleted from the exhibits. I will review those exhibits and submit to you my proposal for portions to be deleted. That should be adequate to address your most immediate concerns being the two exhibits.

I doubt I will have any further comments until Monday.

Sincerely,

Michael D. Poulos

Michael D. Poulos
